

product specifications

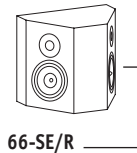

* LCR can be used as an Left, Center or Right Speaker.
 ** Warranted from date of purchase to be free from defects and workmanship.
 † Warranty 5 years on the cabinet and woofers, and 1 year on the amplifier

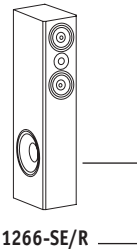

Model:	61-SE/R
Speaker Type:	Bookshelf
Frequency Response:	50Hz-20kHz (±3dB)
Sensitivity:	87dB (2.83V @ 1 Meter)
Recommended Power:	75-150 Watts
Aluminum Woofer(s):	(1) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(1) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	2,700 Hz
Crossover Slope:	12dB/Octave
Impedance:	8 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	8-3/4" (222mm) W 14-1/2" (368mm) H 11-1/2" (292mm) D
Weight:	22.5 lbs. (10.21 Kg)
Warranty:**	5 Years

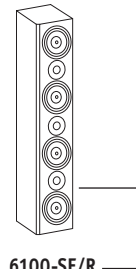

Model:	661-SE/R
Speaker Type:	Center/LCR*
Frequency Response:	50Hz-20kHz (±3dB)
Sensitivity:	90dB (2.83V @ 1 Meter)
Recommended Power:	75-225 Watts
Aluminum Woofer(s):	(2) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(1) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	2,700 Hz
Crossover Slope:	24dB/Octave
Impedance:	6 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	8-3/4" (222mm) W 22" (559mm) H 11-1/2" (292mm) D
Weight:	34.5 lbs. (15.65 Kg)
Warranty:**	5 Years

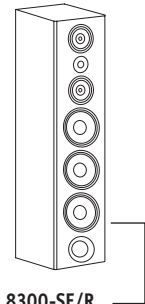

Model:	66-SE/R
Speaker Type:	On-wall Surround Sound
Frequency Response:	60Hz-20kHz ±3dB
Sensitivity:	90dB
Recommended Power:	75-225 Watts
Aluminum Woofer(s):	(2) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(2) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	3,000 Hz
Crossover Slope:	12dB/Octave
Impedance:	4 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	16" (406mm) W 14" (356mm) H 8-1/2" (216mm) D
Weight:	29 lbs. (13.15 Kg)
Warranty:**	5 Years

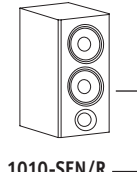

Model:	1266-SE/R
Speaker Type:	Tower
Frequency Response:	27Hz-20kHz ±3dB
Sensitivity:	88dB
Recommended Power:	100-500 Watts
Aluminum Woofer(s):	(1) 12" (305mm) (2) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(1) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	100 Hz, 2,700 Hz
Crossover Slope:	24dB/Octave
Impedance:	4 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	8-3/4" (222mm) W 48" (1219mm) H 16-1/2" (419mm) D
Weight:	79.5 lbs. (36.06 Kg)
Warranty:**	5 Years

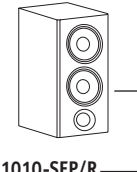

Model:	6100-SE/R
Speaker Type:	Center/LCR*
Frequency Response:	45Hz-20kHz ±3dB
Sensitivity:	92dB
Recommended Power:	100-500 Watts
Aluminum Woofer(s):	(4) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(3) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	2,500 Hz
Crossover Slope:	24dB/Octave
Impedance:	4 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	8-3/4" (222mm) W 48" (1219mm) H 16-1/2" (419mm) D
Weight:	85.5 lbs. (38.78 Kg)
Warranty:**	5 Years

Model:	8300-SE/R
Speaker Type:	3-way Tower Speaker
Frequency Response:	22Hz-20kHz (±3dB)
Sensitivity:	91dB (2.83V @ 1 Meter)
Recommended Power:	100-500 Watts
Aluminum Woofer(s):	(3) 8" (202mm) (2) 6-1/2" (165mm)
Silk Dome Tweeter(s):	(1) 1.1" (28mm)
Tweeter Protection:	Yes
Crossover Frequency:	100 Hz, 2,500 Hz
Crossover Slope:	18dB/Octave
Impedance:	4 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	10-7/8" (276mm) W 55-3/8" (1407mm) H 17" (432mm) D
Weight:	116 lbs. (52.62 Kg)
Warranty:**	5 Years

Model:	1010-SEN/R
Speaker Type:	Non-powered Subwoofer
Frequency Response:	18Hz-180Hz (±3dB)
Sensitivity:	90dB (2.83V @ 1 Meter)
Recommended Power:	200-600 Watts
Aluminum Woofer(s):	(2) 10" (254mm)
Silk Dome Tweeter(s):	N/A
Tweeter Protection:	N/A
Crossover Frequency:	N/A
Crossover Slope:	N/A
Impedance:	4 Ohms
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	13-1/4" (337mm) W 30" (762mm) H 18" (457mm) D
Weight:	89 lbs. (40.37 Kg)
Warranty:**	5 years/1 Year [†]

Model:	1010-SEP/R
Speaker Type:	Powered Subwoofer
Frequency Response:	20Hz-180Hz ±3dB
Sensitivity:	N/A
Recommended Power:	350 Watt Amplifier
Aluminum Woofer(s):	(2) 10" (254mm)
Silk Dome Tweeter(s):	N/A
Tweeter Protection:	N/A
Crossover Frequency:	40Hz-180Hz (variable)
Crossover Slope:	12dB/Octave
Impedance:	N/A
Cabinet Material/Color:	Medium Density Fiberboard (MDF) 30 Different Real Wood Finishes
Grille:	Black Cloth
Dimensions:	13-1/4" (337mm) W 30" (762mm) H 18" (457mm) D
Weight:	96 lbs. (43.54 Kg)
Warranty:**	5 years/1 Year [†]

REDEFINING THE WAY YOU EXPERIENCE SOUND.™

Signature Classic Reference Series Freestanding Speakers and Subwoofers

Our commitment to excellence in sonic reproduction has led us to the creation of the Signature Classic Reference Series. Both acoustically and visually stunning, the Signature Classic Reference Series embodies the best of what RBH Sound has to offer. Here's why:

Proprietary Technology: At RBH Sound we believe in the age-old adage, "If you want something done right, you must do it yourself." For this reason, we engineered our own proprietary, ultra-rigid metal cone drivers to offer unsurpassed detail and accuracy. These aluminum drivers can effortlessly handle the most raucous explosion and flawlessly reproduce the subtlest musical note.

Exceptional Quality: RBH Sound accepts nothing less than excellence and uses only the finest parts, which we rigorously and constantly test for quality and accuracy. All of the Signature Classic Reference Series speakers feature voice coil formers manufactured from an aerospace material capable of handling very high temperatures, while increasing power handling and lowering distortion. Our high-quality fabric dome tweeters use liquid cooling for increased power handling and greater sonic accuracy. RBH Sound's own commitment to excellence mirrors our commitment to our customers and the RBH Sound loudspeakers they bring home with them.

Craftsmanship: We don't like to think of ourselves as "manufacturers", but rather as "craftsmen". Anyone can "manufacture" a speaker, but it takes dedication and a passion for what you do to truly create something people will enjoy for years to come. That is why we at RBH Sound take pride in crafting our speaker cabinets from high density fiberboard, a material more rigid than standard particleboard or fiberboard. Inside each Signature Classic Reference Series speaker you will find heavy-duty internal bracing to ensure the cabinet's structural integrity. This method of cabinet construction allows each speaker to handle the high-stresses of today's high-powered home theater systems, without giving way to distortion.

Versatility: Although our speakers are available in a basic black finish, we don't exclusively make big black boxes. Your speakers should be a sonic marvel, as well as a visual delight. This is why we offer each of our Signature Classic Reference Series speakers in 30 uniquely different, and quite stunning, high-quality, genuine wood grain veneers. Some of the finishes are so beautiful you might find yourself redecorating your home to match your speakers!

Value: This endless pursuit of perfection comes at a price...but surprisingly enough, at a price you can afford. At RBH Sound, we believe that it is possible to use only the highest quality parts in crafting high-end speakers, while still providing exceptional value.

The 661-SE/R in
Basic Black

The 8300-SE/R
in Mahogany

The 641-SE
in Sapele Pommele

All Signature Classic Reference Series speakers are outfitted with high-quality, five-way, gold-plated binding posts for the best possible connection.
